---

Catherine:

In addition to myself, the following USDA/PDP staff also participated in the conference call. They are:  
Paula Todd, Sampling Assistant  
Diana Haynes, Chemist/QA Officer

If you need anything else, please let me know.

Thanks for letting us participate in the call.

Subject: Participants-5/16 IPSC call

Dear Bill, Randall, Debra, Stan, Julie, Kenneth, and Debi,

Thank you for participating on today's IPSC call. In order to help me with a summary write-up of the call, can you please respond to this message and let me know who from your office participated. I caught some, but not all, of the names at the beginning of the call (see my list below). By the end of the call, I had heard so much information, I couldn't recall my own name.

Your assistance is appreciated! Please let me know if you have any questions.

Thanks,  
Catherine McCracken
